Mission

Today, in a context of fierce and dynamic competition, Cartoflex aims, above all, to ensure the loyalty of the customers it already has in more overstocked markets and to penetrate emerging markets with firm determination through a new planning stage, designed to guarantee 100% customer satisfaction maintaining the higher quality level in a continuous trial of improvement with particular attention to the aspects of the environmental safeguard.

Vision

Cartoflex aims to improve the product and to increase and to show its own environmental responsibility within the correct forest management. Cartoflex has implemented a traceable system according to the standards of the Forest Stewardship Council getting in 2011 the Certification of the Chain of Custody (CoC) FSC®. Being FSC® certified shows that Cartoflex complies with the highest social and environmental standards.

The mark of
responsible forestry
